

ROSE HILL REGIONAL TRANSFER STATION

COVID-19 UPDATE

During this COVID 19 outbreak, we ask that Transfer Station users maintain a safe social distance from staff and other residential users. The CDC recommends a safe distance of between 6 to 10 feet. **At this time, the Town asks that you limit trips to the transfer station to essential use only.** Although we realize that many individuals may be spending more time at home and clearing out basements, garages and yards, etc. please understand that Transfer Station staff and other residents MUST remain safe. In addition to curtailing use of the Transfer Station, **we are also asking that customers pay with a credit card as handling of cash increases the possibility of spreading germs.** Keeping our community safe is our highest priority and adhering to these recommendations will help our Transfer Station remain open for business.

For additional Transfer Station information please call the Recycling Coordinator at 789-9331 ext. 2259.
